

WeP Solutions Limited

Environmental Policy

Environmental Policy

WeP Peripherals Ltd, an IT essentials tech fantasy product and service provider, is committed to sustainable practices to minimize adverse environmental impact of its business. While continually strengthening our environmental performance we shall:

Comply with all applicable regulatory and other environmental requirements

Produce energy efficient products incorporating safety aspects by continually upgrading the operating standards and technology

Conserve energy and natural resources through optimum utilization

Minimise waste generation, by maximizing reuse and recycling, and develop proactive and innovative disposal practices

Create awareness on safety and environmental responsibility amongst our stakeholders
